In Silent Hunter 6: Advent with
Lederhosen, the most famous spin-
off game of the Silent Hunter

franchise, you are again able to play both of the campaigns of the main branch. Besides that, the game features more than 25 new weapons including, among others, the Revellschaft (a crossbow), the Knorrhammer (a “hammersaw”) and the Zackhammer. 2.02/1.00 It's the last DLC of the main campaign. Enjoy playing the USS Trenton in air, sea and land! 2.03/1.00 The author will support this software (2.04/1.00) for 1 year after its official release. The author will support this software
