Q: Add "votes" to answers Possible Duplicate: Show vote number next to my reputation in my profile I've seen several proposals to add an aggregate "vote" number to questions and answers, but I was wondering if there was a way to instead add a vote number to the post, like you could do with comments. I don't know if this would be useful in most circumstances, but it would be nice to see how many people did vote when I get notifications about new answers. A: I have tested this on my own account and I find it useful when I get notified of an answer. I also find it useful as a quick reference when editing my own posts.
